SIMLA, THE 6TH MAY 1924.

RESOLUTION—No. S-217.

In their Resolution No. 81-D., dated the 15th November 1919, the Government of India announced their intention to constitute a committee to deal with the proposal made by the Indian Industrial Commission for the creation of an Indian Stores Department. The terms of reference and personnel of this Committee were announced in Resolution No. B-506-11, dated the 5th December 1919. The Committee were directed to enquire and report on the measures required to enable Government Departments to obtain their requirements as far as possible in India, what central and local agencies should be constituted for the purchase and inspection of such requirements and what modifications of the Stores Purchase Rules would be required to give effect to their recommendations. This Committee submitted its report to the Government of India on the 19th July 1920.

1. The Committee were unable to agree in regard to the modifications which should be made in the Stores Purchase Rules and certain alternative recommendations were offered. After careful consideration of these alternatives the Government of India arrived at certain provisional conclusions, which, together with a revised draft of the Stores Purchase Rules, were sent to the Provincial Governments for their consideration and advice. In the meantime the purchase of stores by Governors' Provinces had ceased, under the reformed constitution, to be a central subject. It was accordingly made clear that the revised rules under consideration were intended for application only to the Government of India and to Provinces other than Governors' Provinces. On receipt of the replies from the Local Governments the revision of the rules was further considered by a Committee of the Legislature (the Railway Industries Committee) which had been appointed in pursuance of a Resolution adopted by the Legislative Assembly on the 2nd March 1922. The rules approved by this Committee were submitted to the Secretary of State for his approval.

2. The Secretary of State in Council has now approved the rules appended to this Resolution, which will henceforth regulate the purchase of stores by all Departments and officers of the Central Government and of the Local Governments and Administrations other than those of the Governors' Provinces. The main features of the new rules consist in the assertion of a more definite preference for stores produced and manufactured, wholly or partly, in India, an important extension of the power to purchase imported stores and the introduction of a central purchasing agency in India, namely, the Indian Stores Department. This Department, as announced on the 10th December 1921, was created on a temporary basis with effect from the 1st January 1922, on which date the Chief Controller of Stores assumed charge of his duties and proceeded to formulate a detailed scheme of organisation. This scheme, after consideration by the Government of India, was submitted to the Secretary of State who has now sanctioned the constitution of the Indian Stores Department on a permanent basis.

3. The revision of the Stores Purchase Rules and the establishment of the Indian Stores Department are the direct outcome of the policy which aims at the encouragement of the industries of the country without sacrificing economy, and the Government of India take this opportunity of impressing upon all Departments and officers purchasing stores the importance which they attach, not only to a strict adherence to the letter of the rules, but also to a loyal observance of the policy underlying them, as stated in the preamble to the rules. The observance of this policy, coupled with utilisation to the fullest possible extent of the services of the Indian Stores Department, will, it is confidently anticipated, promote both the objects which the Government of India have in view, namely, encouragement of manufacture in India and economy in the purchase of Government stores.

ORDER.—Ordered that this Resolution be communicated to all Local Governments and Administrations, the several Departments of the Government of India (including the Financial Adviser, Military Finance), the Private and Military Secretaries to His Excellency the Viceroy, all Heads of Departments subordinate to this Department, the Auditor General and all Accountants General, the Comptroller of Assam, Deputy Accountant General, Central Revenues, Delhi, the Financial Adviser, Posts and Telegraphs, and the Audit Officer, Indian Stores Department.

Ordered also that the Resolution be communicated to the High Commissioner for India and to Chambers of Commerce and that it be published in the Supplement to the *Gazette of India* for general information.

A. H. LEY,

Secretary to the Government of India.

RULES FOR THE SUPPLY OF ARTICLES FOR THE PUBLIC SERVICE.**PREAMBLE.**

The policy of the Government of India is to make their purchases of stores for the public service in such a way as to encourage the industries of the country, so far as is consistent with economy and efficiency. In pursuance of this policy the following rules are prescribed, with the sanction of the Secretary of State, for the supply of articles for the public service. These rules, which are subject to any instructions regarding specific articles which have been or may be made by the Government of India with the sanction of the Secretary of State from time to time (*e.g.*, those relating to the supply of stationery and printing stores for the public service), supersede all previous orders which are not explicitly continued.

The rules are applicable to the Government of India and to provinces other than Governor's Provinces.

RULE 1.—Articles manufactured in India from Indian materials.

All articles which are produced in India in the form of raw material, or are manufactured in India from materials produced in India should, in preference to articles not manufactured in India or wholly or partly manufactured in India from imported materials, be purchased locally, provided that the quality is sufficiently ~~the~~ purpose, and the price reasonable.

Note.—Although a strict comparison of prices is not enjoyed by this rule, it is essential in the interests of economy that the purchasing officer should take into consideration, so far as may be possible, the price at which articles of similar quality not manufactured or produced in India can be purchased at the time.

RULE 2.—Articles manufactured in India from imported materials.

Articles wholly or partly manufactured in India from imported materials should also be purchased in India in preference to articles not manufactured in India, provided that the quality is sufficiently good and the price not unfavourable.

RULE 3.—Articles which are not manufactured in India.

Articles which are not manufactured in India should be obtained by indent upon the Store Department, London, except in the following cases :—

- (a) When the articles are already in India at the time of order or are already on their way out, and their price and quality are not unfavourable as compared with those at which similar articles could be obtained through the Store Department, London, and the cost of the supply does not exceed the limits prescribed in Rule 11. When the total value of the articles required is trifling it is generally desirable to purchase them locally.
- (b) In the case of important construction works let out on contract, articles not manufactured in India required for the construction of such works may be supplied by the contracting firm subject to the following conditions :—
 - (i) That the firm is approved by the Chief Controller of Stores, Indian Stores Department, and is included in the list of firms so approved (List I).
 - (ii) That the materials are subject to the current specifications and tests prescribed by the Government of India.
- (c) Plant and machinery and component parts thereof may be purchased from branches* established in India of manufacturing firms borne on the list of the Chief Controller of Stores, Indian Stores Department (List II), provided that the following conditions are observed :—
 - (i) That the purchase is made by the Chief Controller of Stores, Indian Stores Department, or by a highly qualified engineer directly responsible to the Government of India for the order so placed.
 - (ii) That the plant and machinery are of standard patterns such as are ordinarily manufactured by the firm, and have actually been so manufactured.
 - (iii) That the branch firm entertains a staff of expert mechanics capable when so required, of erecting and repairing the plant and machinery which it supplies.
 - (iv) That the actual price of the articles (exclusive of any expenditure representing cost of erection) is as low as that at which articles of the same make can be supplied by the Store Department, London.

* Branches may be held to cover approved technical agents of manufacturers who do not merely act as selling agents but are also in a position to render the same kind of technical assistance in India as actual branches of the firms.

- (v) That when test or inspection of the plant or machinery during manufacture or before shipment is necessary or desirable arrangements are made for such test and inspection to be carried out by the India Store Department, London.

Note 1.—It should clearly be understood by indenting officers that this rule is subject to the preference which should be given under Rules 1 and 2 to articles of Indian manufacture.

Note 2.—Application for inclusion in the lists mentioned in this rule should be made to the Chief Controller of Stores, Indian Stores Department, direct by the firm with a full statement of the reasons which in its opinion justify such inclusion.

RULE 4.—Articles which should be purchased in India.

The following articles, whether manufactured or produced in India or not, should be purchased in India provided that they comply with the current specifications, are of the requisite quality, and can be obtained at a not unfavourable price :—

- (a) Those of a perishable nature.
- (b) Explosives.
- (c) Block tin.
- (d) ~~Wines~~ and spirits and bottled beer for the use of Government hospitals in India.
- (e) Kerosine oil.
- (f) Plant and materials for electric installations intended to take current from existing centres ; and small electrical power and lighting plants of not more than 25 kilowatt capacity which involve the provision of generators and cables for distribution, provided they comply with the current specifications and tests prescribed by the Government of India.
- (g) Australian timber.
- (h) Australian copper.
- (i) Italian marble.
- (j) British Columbian timber.
- (k) Plant and materials for small gas installations, the cost of which does not exceed Rs. 15,000.
- (l) Cheap articles of common use required in small quantities only.
- (m) African and Australian coal.
- (n) Lubricating and fuel oil.
- (o) Such other classes of articles, that can be obtained more economically in the local market or that cannot conveniently be purchased through the agency of the London Store Department, as may from time to time be prescribed by the Government of India.

RULE 5.—Special purchases in India.

In cases of emergency, or when inconvenience to the public service would be caused by waiting to obtain an article from England through the India Store Department, London, or when, owing to the greater promptitude of supply, an economy can be effected by purchasing in India articles which, under the foregoing rules, should be obtained through that Department, the purchase may be made in India, subject to the limits prescribed in Rule 11, provided that the articles are in India at the time of order or are already on their way out. In such cases, if the value of the articles exceeds Rs. 1,500, the sanctioning officer should place on record the reasons which make the local purchase desirable. This record shall be available for the inspection of the Examiner of Accounts or the supervising officer, when required.

RULE 6.—Inter-departmental purchases.

Nothing in the rules is to be deemed to prohibit the purchase of stores by one department or railway from another.

RULE 7.—Method of obtaining stores not purchased in India.

All articles which, under the foregoing rules, are not to be bought in India, should ordinarily be obtained by indent on the India Store Department, London, except those the

purchase of which outside India is specially authorised by these rules. Such purchase is at present permissible in the case of the following articles :—

- (i) Seeds.
- (ii) Cinchona bark.
- (iii) Articles for experimental or research purposes required by officers approved by the Government of India from time to time. A list of the officers thus approved is given in the Appendix.
- (iv) Excise instruments and apparatus required by Excise Departments for experimental or research purposes.
- (v) China, glass, cutlery, plate, crockery and perishable fabrics, including linen for residences which are furnished by Government.
- (vi) Australian timber.
- (vii) British Columbian timber.
- (viii) Such articles as Superintendents of Vaccine Depôts may require for the preparation of vaccine lymph (*e.g.*, lanoline and glycerine).
- (ix) Chemicals and scientific instruments which do not require careful inspection and testing, or which are of standard description usually quoted by well-known firms, provided that the articles cannot be procured from the Medical Store Depôts.
- (x) Articles required for Viceregal residences in special and urgent cases.

Note.—Payments for stores purchased under this rule should be made direct to the suppliers by the purchasing officers.

RULE 8.—Method of comparing prices.

In all cases in which the selection of source of supply depends upon comparison of prices the procedure to be adopted for such a comparison is as follows :—

- (i) A reference should be made to Home prices notified continually by the India Store Department, London, to the Chief Controller of Stores, Indian Stores Department, or as otherwise ascertained, and freight should be added at the current rates paid by the India Store Department, London, together with such charges for interest, insurance, and freight brokerage as may be declared from time to time by the Chief Controller of Stores.
- (ii) In cases of important contracts, the prices ruling in the English market should be ascertained by telegraphic reference to the India Store Department, London.
- (iii) In cases where the necessary information as to Home prices is not available the purchase in India shall be subject to the condition that the price is reasonable.
- (iv) In order to arrive at the market value at an Indian port of the article imported from England the following charges shall be included :—
 - (a) Landing, wharfage, and port charges.
 - (b) Customs duty as shown in the tariff to be applicable to the article in question, to be calculated on its cost *plus* the additional charges mentioned in the earlier part of this rule.
- (v) The cost of carriage to site from port or place of manufacture, as the case may be, shall be taken into account.

RULE 9.—Tests.

Any articles purchased in India which should be tested are liable to the specifications laid down from time to time by competent authority, with the approval of the Government of India, and should be required to pass the tests prescribed for such articles.

RULE 10.—Firms from which iron and steel may be bought in India.

Important iron and steel work, if purchased in India, should only be obtained from firms approved by the Chief Controller of Stores, Indian Stores Department, and entered in a schedule as corrected from time to time by that officer (List III).

Note 1.—By "important iron or steel work" are meant articles of iron or steel which form important components of the project in hand, e.g., bridge girders and roof trusses, built up in the firm's workshops and supplied ready for erection, in such sections as may be convenient, and rolled steel beams, rails or other sections cut to length or otherwise prepared at the firm's workshops to suit the indenting officer's requirements. The intention of the rule is to ensure that parts, the accurate preparation of which is essential to the security of a project, shall be obtained only from firms which possess workshops and appliances capable of turning out work of the desired standard. The raw materials used may be either imported or of Indian manufacture, subject to the usual specifications.

Note 2.—For the procedure to be followed by firms desiring to be included in the list mentioned in this rule see Note 2 to Rule 3.

RULE 11.—Financial limits on powers of officers to make purchases in India.

A Department or officer's financial powers in the matter of the purchase of stores ordinarily extend to the limits to which it or he is empowered to enter into contracts; but in the case of purchases made in India under rule 3 (a) and rule 5, the limits up to which power to purchase any one article or any number of similar articles purchased at one time extends are as follows:—
